

SAT & ACT INFORMATION: WHAT YOU NEED FOR 4 YR COLLEGE

NOTE: MOST SAT/ACT TEST CENTERS ARE CURRENTLY CLOSED DUE TO COVID19

What Are The SATs and ACTs?

- In order to meet entrance requirements for the UC and CSU systems, as well as most private universities, students must take the SAT and/or the ACT. Some private colleges also require students to take the writing portion of the SAT/ACT, so be sure to check with the college(s).
- These tests are used by colleges and universities to determine whether or not a student will be successful in college, and to determine eligibility for entrance into individual colleges or universities. Although they are not the only factor in the admissions process, they are a necessary requirement for students who apply to a four year institution.

Which Test Should I Take?

- It's always recommended that students check with each college/university in which they plan to apply, for SAT/ACT testing requirements. Some universities recommend or even require that students take the SAT Subject Test.
