Good morning, students and teachers. I am excited to announce that our school has been selected to participate in the 2019 National Assessment of Educational Progress, also known as NAEP February 12th. It is the largest continuing and nationally representative assessment of what students across the country know and can do in a variety of subjects. Some of our 12th-graders have been selected to take assessments in math, reading, and science. To those who have been selected for this important test, you have all our support, and I have NO doubt that you will represent us well! More details to follow as we move closer to our school's assessment day. Thank you in advance for your involvement.

Work Experience meets every Tuesday during 4th and 5th period lunch in room 43. Remember, attendance is mandatory, failure to attend class each Tuesday will result in the loss of your work permit.
